Foreword

Resources in Vocational Education is produced by the National Center Clearinghouse of the National Center for Research in Vocational Education under a contract with the Office of Vocational and Adult Education, U.S. Department of Education. For the 1981-82 subscription year, the individual issues of the journal include a report of state program improvement projects, selections of ERIC documents related to vocational and technical education, a directory of key contact persons at the state and federal levels responsible for vocational education, and a compilation of vocational and technical education curriculum materials.

The National Center for Research in Vocational Education, through the National Center Clearinghouse, is pleased to disseminate this current, comprehensive directory of vocational education personnel in leadership positions at federal and state levels.

We wish to thank the research coordinating units in each state and territory for identifying and verifying names, addresses, and telephone numbers.

Recognition is given to Clearinghouse staff for their efforts in compiling the directory: Wesley E. Budke, Clearinghouse Director; Patricia Arthur, Program Associate; and Brenda Bythewood and Bonnie Johnson, Typists.
